

EUROPEAN ROPE SKIPPING CHAMPIONSHIPS 2024

EGER | HUNGARY | JULY 14-20

ABOUT THE HOST

We, the Hungarian Rope Skipping Federation (MUKSZ) are extremely excited to welcome the top skippers of Europe in Eger, Hungary. Having organized the 2004 and 2008 European Masters and the 2011 European Team Championships already.

Eventhough MUKSZ was founded in 2004 under its current name, we have been active since 1989 to support the athletes and develop the sport in Hungary. Each year we organize five national championships, training camps and judges training to bring Hungarian skippers on top of the international level.

This year we are aiming to provide you with a high level event venue, fulfill your needs during the competition and organize the best European Rope Skipping Championships yet.

ABOUT EGER

Eger is the county seat of Heves County and the second largest city in northern Hungary. Having a population of 53.000, Eger is the 19th largest center of population in Hungary. The town is located on the Eger Stream, a tributary of the Tisza river, on the hills between the Mátra and Bükk mountains. The medieval castle, thermal baths, baroque buildings, the northernmost Ottoman minaret, and the delicious red wines will make your trip to Eger unforgettable.

The city offers thousands of adventures. For example the Thermal Bath, one of the nicest town baths, offers five hectares of enjoyment, thirteen pools and a perfect day to relax between the competitions. If you are interested in culture make sure to check out the Eger Castle, one of the most popular museums in Hungary and the main symbol of Eger. In the gothic Bishop's palace you get to know the story of the castle, in the casemates you discover the everyday life of the 16. century. Explore the castle by yourself or enjoy a tour led by the warriors, who tell you many exciting stories. If you enjoy a hike and beautiful scenery you should visit the Calvary hill to see the beauty of the city from above.
