WELCOME TO NEUCHÂTEL !

DEAR FRIENDS OF GYMNASTICS!

Gymnastics has an incredible power of diversity and unity. A competitive sport in its nature, it still brings many people together in and out of competition, from members of delegations to the audience. One of these targeted audiences is young people coming together under the EUROGYM miracle.

The 13th edition of the EUROGYM will be organized in the beautiful city of Neuchatel (SUI) – the city that attracts the youth from all over the world. The Local Organizing Committee (LOC) is already working hard to implement this unique project.

In the announcement they made to involve volunteers to the event, you can feel the energy, which leads us to another successful edition of the EUROGYM - “Organized with passion, for young people, with young people and by young people.” Nowadays, we all really need that positive energy to overcome the difficulties caused by COVID-19.

Having succeeded to organize three competitions in late 2020, European Gymnastics is now quite optimistic about its future events. The main thing is unity, positivity, eagerness, openness, confidence and ability to adapt to given conditions.

Fortunately, gymnastics family members possess all these characteristics, which guarantee our success. I am already looking forward to EUROGYM Gala, which will unite the European youth in Neuchatel. I wish our young gymnasts sound health and good luck in their preparations until we meet again.

Dr. Farid Gayibov
President of European Gymnastics

MY DEAR GYMNASTS AND FRIENDS

We, the European Gymnastics Technical Committee of Gymnastics for All (TC GfA) are so pleased to welcome all of you in Neuchâtel (SUI) for the 13th EUROGYM and 3rd European Gym for Life Challenge, both taking place in July 2022.

The past year and still now has been challenging and scary for all of us. But I really hope that we all will overcome this pandemic. My committee and myself are missing your joy of living, your shiny smiles, but most of all, we are missing your performances, seeing and doing gymnastics.

EUROGYM is all about joy and friendship. Let those feelings sink into you and your body will express it during the city performances.

EUROGYM is also about meeting old friends that you haven't seen for quite a while and making some new friends to create a book of memories.

Switzerland is situated in the heart of Europe. Everybody thinks it's a small country but in the end it is not. And it has a lot to offer, such as chocolate, cheese, mountains, lakes, ... Did you know that Switzerland has 4 official languages? If not, keep on reading, the LOC has put some funny facts about this unusual shaped country. Let's be more specific, Neuchâtel is a nice middle size town located on the banks of a lake, which makes it the perfect city to host our festivals! We are feeling very lucky to be working with the LOC that is very experienced in organising Gymnastics for All events.

Stay safe! We are all looking forward to seeing you in a bit more than a year.

Hlíf Thorgeirsdóttir

President of the European Gymnastics TC-GfA

THE PURE JOY OF LIFE ON THE TRAMPOLINE,

enjoying the pure joy of life on the trampoline, slackline or rowing: this EUROGYM euphoria will finally be experienced in Switzerland in the summer of 2022. We at the Swiss Gymnastics Federation are looking forward to it extraordinarily.

Every two years, the so-called EUROGYM: games are held. Their aim is to unite and network young European gymnasts through sporting activities and encounters. Also this time the EUROGYM is organized for the (gymnastics) youngsters. According to the motto: with the youth for the youth.

I and the Swiss Gymnastics Federation (STV) are all the more pleased that this internationally renowned event will take place in Switzerland for the first time from July 7 to 15, 2022 - and this at the beautiful Lake Neuchâtel. For us from the STV, this is reason enough to thank the LOC President Christian Blandenier and his team for their commitment.

We are convinced that EUROGYM in Neuchâtel will be an unforgettable experience for the young people. The numerous workshops will give the 5000 or so participants from all over Europe the opportunity to exchange cultural experiences on the shores of Lake Neuchâtel and to rekindle their joy in movement and sport. Therefore, we hope that at EUROGYM 2022 also many Swiss young people will be part of the game - and call on them to take advantage of this home game.

With this in mind: Let the EUROGYM games begin soon in Neuchâtel.

Fabio Corti

President of the Swiss Gymnastics Federation STV-FSG

WELCOME MESSAGE

A WIND OF ENERGY AND YOUTH IS EXPECTED IN 2022 IN THE CANTON AND THAT FILLS US WITH JOY ! WHAT A CHANCE !

Thanks to EUROGYM 2022 young people from all over Europe will discover our canton. 5000 young people who have the same passion, 5000 young people who practice a sport! What a wonderful image for Neuchâtel!

Such a project is not entrusted to just anyone... Switzerland has been chosen and particularly a Neuchâtel cantonal association. Like the management of this event, gymnastics is a discipline which requires flexibility, rigor, balance and a significant personal investment. We are proud to know that your committee is committed to such a project and is ready to get involved to support young people in a sporting activity that will allow them to grow, learn and develop skills that will be useful for their daily lives. Sport conveys undeniable values and the diversity of cultures that EUROGYM 2022 represents further accentuates this richness brought to the athletes.

We congratulate the gymnasts who will take part in this event, we applaud the Organizing Committee for its sporting dedication and we look forward to welcoming a large audience to this event on Neuchâtel soil.

Monika Maire-Hefti
President of the Neuchâtel State Council
Head of the Education and Family Department

THE CITY OF NEUCHÂTEL LOOKS FORWARD TO HOSTING EUROGYM 2022

Receiving thousands of young gymnasts in our millenary city is truly exciting: it will be one of the first major sporting events organized in our city since the pandemic. And what an event! The EUROGYM brings people together beyond national boundaries, promotes exchanges, and above all celebrates the youth, to whom so many sacrifices have been asked in recent months.

We are proud that Neuchâtel has been chosen to host EUROGYM 2022 and the European Gym for Life Challenge. A city on a human scale, between the lake and the Jura mountains, Neuchâtel offers a unique quality of life and, with its universities, is a center of excellence in education. Thanks to its high-quality sports infrastructure, it hosts major events while promoting access to sports for all.

Gymnastics conveys strong values such as respect, commitment and solidarity. These values are more necessary than ever today, in a world where it is easier to build walls than bridges. It is up to our youth to build the world of tomorrow.

On behalf of the City of Neuchâtel, I would like to thank the organizing committee for its commitment, in the complicated context we are living in. And I sincerely hope that in 2022 we will have returned to an almost normal life, so that I can attend your performances and applaud unreservedly. I miss it so much!

Violaine Blétry-de Montmollin
President of the Municipal (Executive) Council
City of Neuchâtel

WELCOME MESSAGE

AFTER DARKNESS, LIGHT

Gymnasts from all over Europe,

The European Gymnastics took the decision to award the organization of the 13th EUROGYM and the 3rd EGFL to Switzerland, and more particularly to our region, in January 2020. For more than a year now, the Local Organizing Committee has been sparing no effort to make sure that the festival will be a great success from 7 to 15 July 2022 in Neuchâtel.

For the first time since its creation, EUROGYM will take place in Switzerland, a country geographically located at the heart of our continent. We are honored and proud of this fact and we will do our utmost to welcome all the participants in the best possible conditions: ideal sports infrastructures, location of the stages for the Group Performances in an urban environment, discovery of the natural and cultural beauties of the region. Add to this adequate accommodation, varied and sufficient food and the pleasure of welcoming young gymnasts from all over Europe.

We are currently living through a difficult period, linked to this virus that is shaking up the world and greatly disrupting social relations. EUROGYM 2022 will mark the return of large gatherings around a common passion: gymnastics. We are enormously pleased about this, and so are you, I have no doubt.

After darkness, light. It is this message of hope that the slogan of EUROGYM Neuchâtel 2022 wants to bring: Shiny GYM TIME.

Looking forward to meeting you in Neuchâtel in July 2022!

Christian Blandenier
President of the Local Organizing Committee
