Welcome in Luxembourg!

Dear Indiaca sports friends and participants, I greet you on behalf of the Indiaca Federation Luxembourg (IFL) and I am very pleased to host the 6th World Championship which are scheduled to take place at the premises of The National Sports and Culture Centre d'Coque in the Capital city of the Grand Duchy.

It’s an exceptional privilege to welcome the participating teams together with their staff and accompanied by their friends and fans. During one week, Luxembourg will be in the “Indiaca” spotlight and will share its hospitality with all our Indiaca friends from all over the world.

I assure you that the organizing committee will do its outmost to ensure that the entire tournament and organisation will be held at the highest possible level and will contribute creating nice souvenirs and memories to look back upon.

Through our national slogan “Luxembourg let’s make it happen” I am looking forward to see you all in Luxembourg and I wish you an excellent competition.

Marco AARDOOM

President of the Indiaca Federation Luxembourg (IFL)
About Luxembourg

Luxembourg, officially the Grand Duchy of Luxembourg, is a small landlocked country in Western Europe. It is bordered by Belgium to the west and north, Germany to the east, and France to the south. Its capital, Luxembourg City, together with Brussels and Strasbourg, is one of the three official capitals of the European Union. Its culture, people, and languages are highly intertwined with its neighbours, making it essentially a mixture of French and German cultures, as evident by the nation's three official languages: French, German and the national language, Luxembourgish.

With an area of 2,586 square kilometres, it is one of the smallest sovereign states in Europe. In 2016, Luxembourg had a population of 576,249, which makes it one of the least-populous countries in Europe. Foreigners account for nearly half of Luxembourg's population. As a representative democracy with a constitutional monarch, it is headed by Grand Duke Henri and is the world's only remaining grand duchy. Luxembourg is a developed country, with an advanced economy and one of the world's highest GDP (PPP) per capita.

Luxembourg is a founding member of the European Union, OECD, United Nations, NATO and Benelux. The city of Luxembourg, which is the country's capital and largest city, is the seat of several institutions and agencies of the EU.

According to data from the World Health Organization, healthcare spending on behalf of the government of Luxembourg topped $4.1 Billion, amounting to about $8,182 for each citizen in the nation, placing it among the highest spending countries on health services and related programs in 2010 among other well-off nations in Europe with high average income among its population.

About Luxembourg City

Luxembourg City is the capital city of the Grand Duchy of Luxembourg (also named "Luxembourg"), and the country's most populous commune. Standing at the confluence of the “Alzette” and “Pétrusse” rivers in southern Luxembourg, the city lies at the heart of Western Europe, situated 213 km by road from Brussels, 372 km from Paris, and 209 km from Cologne. The city contains Luxembourg Castle, established by the Franks in the Early Middle Ages, around which a settlement developed.

As of January 2018, Luxembourg City had a population of 116.323 which is more than three times the population of the country's second most populous commune (Esch-sur-Alzette).

Places of interest include the Gothic Revival Cathedral of Notre Dame, the fortifications, the AM Tunnel (an art gallery underground), the Grand Ducal Palace, the “Gëlle Fra”, a war memorial, the casemates, the Neumünster Abbey, the Place d'Armes, the Adolphe Bridge or the city hall. www.luxembourg-city.lu
How to get there

Luxembourg has efficient road, rail and air transport facilities and services. The road network has been significantly modernised in recent years with 147 km of motorways connecting the capital to adjacent countries. In 2020, it was the first country to make public transportation free.

By air: Luxembourg Airport is the main airport in Luxembourg. Previously called Luxembourg Findel Airport due to its location at Findel, it is Luxembourg's only international airport. 16 airlines are flying from and to Luxembourg. The airport is located 5 kilometres of the city centre.

By train: Luxembourg railway station (“Gare Lëtzebuerg” in Luxembourgish or “Gare de Luxembourg” in French) is the main station serving Luxembourg City. It also functions as the country's international railway hub, with services to all the surrounding countries: Belgium, France and Germany. Since June 2007, the LGV Est has connected the station to the French TGV. network. The station is located 2 kilometres south of the city centre

By car: Situated in the heart of Europe, bordered by Belgium, France and Germany, Luxembourg is connected to the far corners of Europe by an excellent network of highways. The capital is directly linked to the highways A1 (Trier), A13 (Saarbrücken), A3 (Metz) and A6 (Brussels).
The venue

The National Sporting and Cultural Centre, better known as d’Coque, is an indoor arena in Kirchberg, a quarter of Luxembourg City. It will be the sixth edition of the world championships in Indiaca from 3rd to 7th, August 2021.

In 1982, first the olympic swimming pool opened its doors. The striking shell-shaped roofline is reminiscent of a seashell, and is made of spans of pre-stressed concrete. With the swimming pool extension undertaken by architect Roger Taillibert in 2002, the Centre National Sportif et Culturel was created.

In addition to its function as a national sports centre, d’Coque also provides facilities for major sporting and cultural events, concerts and conferences. The 4.300 square meter "Arena" offers room for 8.000 people. The Coque also hosts two restaurants, a three star hotel and a wellness center as well as a climbing wall.

The Indiaca world championships will be held in the “Gymnase” with a floor space of 1.240 square meter and an accommodation of 988 fixed seats and about 500 stand places.
The warm up area is situated in a part of a multi-purpose area of 1,400 square meter which is divisible into three parts.

The general assembly and all the other meetings of the IAA will also be held there.

D’Coque hosted in 2013 the Games of the Small States of Europe with competitions in swimming, basketball and volleyball. Each year many national and international competitions are organized in any or more of the facilities of d’Coque, example given the finale of the 2007 Women’s European Volleyball Championship or more recently the 2017 European Team Championships in table tennis.

Dinner at the venue

The local OC offers the possibility to have dinner in a reserved area inside d’Coque on Wednesday, Thursday and Friday (accredited persons only). Each day 1 vegetarian and 1 non-vegetarian menu will be proposed. Reservations for the different meals must be made before February, 1st, 2021. Detailed information about the menu and the price will follow. Spectators and participants have also the possibility to buy drinks and little snacks at a selling point close to the playing fields in the “Gymnase” the whole day. Due to the venue's central location, there is a wide number of restaurants around in Kirchberg.
Ceremonies

The opening ceremony will be held outside the Coque at the amphitheater of the Central Parc in Kirchberg on Tuesday, August 3rd, from 19.00 on. The delegations are asked to be ready in the established area for preparation at 18.30 and dressed in their official uniform or sportswear (but all the same) preceded by a board bearing its name or accompanied by its flag.

The welcome dinner will start at about 20.15 at the Arena of d’Coque.

The closing ceremony in the “Gymnase” of d’Coque will follow the prize ceremony on Saturday, August 7th at about 19.30. From 21.00 a farewell party at a place still tbd will close the championships.
